## **Notes to Financial Statements**

**Year Ended December 31, 2018**

### **1. Organization and Nature of Business**

Harvest Financial Corporation (Company) was organized on March 13, 1981 and incorporated under the laws of Pennsylvania. The Company is a non-carrying broker-dealer registered with the Securities and Exchange Commission (SEC). The Company is also a registered investment advisor pursuant to the provisions of 301(e) under the Pennsylvania Securities Act of 1972 and provides its clients with discretionary account management services and investment advisory services on either a discretionary or non-discretionary basis. The Company is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investors Protection Corporation (SIPC) and is headquartered in Pittsburgh, Pennsylvania.

### **2. Summary of Significant Accounting Policies**

The summary of significant accounting policies is presented to assist in understanding these financial statements. The financial statements and notes are representations of management, who is responsible for their integrity and objectivity. The accounting policies used conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of these financial statements.

#### ***Method of Accounting***

These financial statements have been prepared using the accrual method of accounting, recognizing income when earned and expenses when incurred.

#### ***Use of Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

# **Harvest Financial Corporation**

## **Notes to Financial Statements**

**Year Ended December 31, 2018**

### **2. Summary of Significant Accounting Policies (Continued)**

#### ***Fully Disclosed Basis***

The Company is associated with RBC Correspondent Services, a division of RBC Capital Markets, LLC (RBC) (Clearing Broker), a member of the New York Stock Exchange, Inc., on a fully disclosed basis in connection with the execution and clearance of the securities transactions effected by the Company. In accordance with the Clearing Agreement, the Company is required to provide a clearing deposit in the amount of \$25,000 as of December 31, 2018, upon which the Clearing Broker pays interest at prevailing rates. As of December 31, 2018, the clearing deposit account amounted to \$25,018 and is included in cash on the statement of financial condition.

#### ***Revenue Recognition - Commissions***

Revenues are recognized in the periods in which the related services are performed provided that persuasive evidence of an arrangement exists, the fee is fixed or determinable and collectability is reasonably assured.

Commission revenue represents gross commissions generated by our advisors for their clients' purchases and sales of securities, and various other financial products such as mutual funds, variable annuities, and life insurance policies. We generate two types of commission revenue: front-end sales commissions that occur at the point of sale, as well as trailing commissions for which we provide ongoing support, awareness, and education to clients.

We recognize front-end sales commissions as revenue on a trade-date basis, which is when our performance obligations in generating the commissions have been substantially completed. We earn commissions on a significant volume of transactions that are placed by our advisors directly with product sponsors, particularly with regard to mutual fund, 529 plan, and variable annuity and insurance products. As a result, management must estimate a portion of its commission revenues earned from clients for purchases and sales of these products for each accounting period for which the proceeds have not yet been received. These estimates are based on the amount of commissions earned from transactions relating to these products in prior periods.

# **Harvest Financial Corporation**

## **Notes to Financial Statements**

**Year Ended December 31, 2018**

### **2. Summary of Significant Accounting Policies (Continued)**

Commission revenue includes mutual fund, 529 plan and variable product trailing fees which are recurring in nature. These trailing fees are earned by us, based on a percentage of the current market value of clients' investment holdings in trail-eligible assets, and recognized when received as trail commission revenues are generally paid in arrears, and not readily determinable by management.

A substantial portion of our commission revenue is ultimately paid to our advisors. We record an estimate for commissions payable based upon payout ratios for each product for which we have accrued commission revenue. Such amounts are recorded by us as commission expense.

#### ***Revenue Recognition - Advisory Fees***

Investment program and advisory fees are billed on a quarterly basis at the beginning of every quarter or when the program commences. By the end of the quarter, all program and advisory fees revenue are earned and recognized. If a program or contract is terminated, the program or advisor fees are reimbursed to the client on a pro-rata basis.

#### ***Accounts Receivable***

Accounts receivable are stated at the amount management expects to collect from outstanding balances. The Company accounts for bad debts using the direct charge-off method, directly expensing receivables which management deem uncollectible, or realizable at less than full value. The direct charge-off method provides results similar to the reserve method in all material respects. Based on management's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that realization losses on balances outstanding at year end will be immaterial.

#### ***Cash Equivalents***

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

#### ***Capitalization and Depreciation***

Fixed assets, in excess of \$5,000 are recorded at acquisition cost and depreciated over the estimated useful lives of the related assets using the straight-line method and accelerated cost recovery system for financial and tax reporting, respectively.

The Company has evaluated subsequent events through February 14, 2019, which is the date the financial statements were available to be issued.

#### **3. SEC Rule 15c3-3 Exemption**

## **Harvest Financial Statements**

### **Notes to Financial Statements**

**Year Ended December 31, 2018**

#### **5. Net Capital Requirements**

The Company is subject to the net capital rule of the Securities and Exchange Commission, Rule 15c3-1 (Rule). Under the Rule, the Company is required to maintain net capital equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness and not to permit its aggregate indebtedness to exceed 1,500% of its net capital, as those terms are defined in the Rule. At December 31, 2018, the Company had net capital of \$11,894, and a net capital ratio (aggregate indebtedness divided by net capital) of 8.27 to 1.

Pursuant to Rule 17a-5, the Company is required to file a computation of net capital as of the audit date. Rule 17a5(d)(4) requires reporting on any material differences between the audited computation and the Company's computation. At December 31, 2018, there were no material differences.

#### **6. Regulatory Filings**

The Statement of Financial Condition filed pursuant to Rule 17a-5 of the Securities and Exchange Commission is available for inspection at the principal office of the Company and at the Washington, D.C. and Regional Office of the Commission.

#### **7. Pension Plan**

The Company has a defined contribution 401(k) pension plan which covers all of its employees. Total pension cost, including matching contributions, amounted to \$10,855 for the year ended December 31, 2018.

#### **8. Income Taxes**

The Company accounts for deferred taxes using the asset and liability method. The objective of the asset and liability method is to establish deferred tax assets and liabilities for the temporary differences between the financial reporting basis and the tax basis of the Company's assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled. The asset and liability as computed for these financial statements assumes that the current tax rates and regulations will be in effect for the year the temporary differences reverse. Accordingly, adjustments to the asset and liability will be necessary in the future should the tax laws change.

## Harvest Financial Corporation

### Notes to Financial Statements

Year Ended December 31, 2018

#### 8. Income Taxes (Continued)

For Federal income tax purposes, the Company has a net operating loss carryforward at December 31, 2018 of approximately \$36,000. For state income tax purposes, the Company has net operating loss carryforward at December 31, 2018 of approximately \$101,700, that may be offset against future taxable income. The Company estimates that the entire amount of both federal and state net operating loss carryforwards will be utilized prior to expiration beginning in 2029. At December 31, 2018, deferred assets of \$17,800, have been recognized.

Current standards require companies to recognize, measure, present, and disclose uncertain tax positions that have been or are expected to be taken. As such, financial statements will reflect expected future tax consequences of uncertain tax positions presuming the tax authorities' full knowledge of the position and all relevant facts. It is the Company's policy not to take uncertain tax positions. The Company's federal and state income tax returns are subject to possible examination by the taxing authorities until expiration of the related statutes of limitations on those tax returns. As of December 31, 2018, the Company's open audit periods are 2015 through 2018 for both federal and state purposes. In evaluating the Company's tax provisions and accruals, future taxable income, and the reversal of temporary differences, interpretations and tax planning strategies are considered. The Company believes their estimates are appropriate based on current facts and circumstances.

Differences in total income tax expense and the amount of income tax that would result from applying statutory rates to pretax income are due to permanent differences, primarily meals and entertainment, which are either 50% deductible or nondeductible for Federal and state income tax purposes.

The provision for income taxes in the statement of income consists of the following components:

Currently payable:

State	\$ 2,948

We have reviewed management's statements, included in the accompanying Statement of Exemption from SEC Rule 15c3-3(k)(2)(ii), in which (1) Harvest Financial Corporation identified the following provisions of 17 C.F.R. §15c3-3(k) under which Harvest Financial Corporation claimed an exemption from 17 C.F.R. § 240.15c3-3:(k)(2)(ii) - (exemption provisions) and (2) Harvest Financial Corporation stated that Harvest Financial Corporation met the identified exemption provisions throughout the most recent fiscal year without exception. Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Harvest Financial Corporation's compliance with the exemption provisions. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
